Request for Proposal (RFP)

Executive Summary

Global Finance Corp is seeking proposals from experienced development teams for a **DevOps Automation Development** project. This initiative is focused on cloud migration for our enterprise web application. We are looking for a team that can deliver high-quality solutions within our specified budget and timeline.

Project Overview

- **Project Type**: Cloud Migration Project
- **Duration**: 7 months
- **Team Size**: 3 people
- **Start Date**: January 9, 2026
- **Location**: South Bradleyville
- **Remote Work**: Allowed

Business Context and Objectives

Global Finance Corp aims to enhance its operational efficiency and scalability by migrating its enterprise web application to the cloud. The project is expected to improve system performance, reduce costs, and increase flexibility in our development and deployment processes.

Technical Requirements

Preferred Technologies

- **PostgreSQL**: Intermediate level
- **MongoDB**: Advanced level (Preferred certifications: Certified Kubernetes Administrator, AWS Certified Solutions Architect)

- **Kubernetes**: Expert level (Preferred certifications: AWS Certified Solutions Architect)

Expected Team Profile

We are looking for a development team comprised of the following roles:

1. **Senior DevOps Engineer**
2. Expertise in Kubernetes and cloud infrastructure.
3. Proven experience in automating deployment processes.

4. Familiarity with CI/CD tools.

5. **Database Administrator**

6. Strong background in PostgreSQL and MongoDB.

7. Experience in database migrations and performance tuning.

8. **Software Developer**

9. Proficient in cloud-native application development.
10. Experience with microservices architecture and RESTful APIs.

Mid-Project Review	[Insert Date]
Final Deliverables Submission	[Insert Date]

Budget

- **Budget Range**: $1M - $2M

Proposal Guidelines

Submission Instructions

Interested teams should submit their proposals by [Insert Deadline]. Proposals should include:

- Detailed project approach and methodology.
- Profiles and resumes of the proposed team members.
- Relevant case studies or examples of similar projects completed.
- A preliminary timeline and breakdown of deliverables.

Acceptance Criteria

Proposals will be evaluated based on:

- Relevant experience and technical expertise.
- Proposed methodology and project approach.
- Cost-effectiveness and budget alignment.
- Team qualifications and previous project success.
